The Avalon Users Round-Table is a consortium of librarians, archivists, developers, devops and others creating a network for support and improvement of Avalon Media System.

## Goals:

The Avalon User Round-Table was established to develop a community with the ability to support the software and the network of users. To this end, the Avalon User Round-Table was formed with three key goals.

To create:

1. a network for support and communication between Avalon users
2. a conduit for the community and Avalon core development to communicate
3. a fulcrum for development of features not on the roadmap of Avalon core development

## Meetings

Please visit our [Meetings Page](#) to learn more

## Communication Channels

The Users Round-Table will utilize existing [Connection tools](#) to communicate, including:

- List-Serves
- Slack
- [Avalon Office Hours](#)
- [Avalon Forum](#)
- Social media
- GitHub at [Avalon](#) and [Samvera Labs](#)
