

Indexing

1. [Indexing Description](#)
2. [Custom HTML Tags](#)

1. Indexing Description

Write a short description of your journal, no more than a sentence, that includes as many keywords as possible as well as the title of your journal. This will allow for better indexing and more search engine hits for your journal's homepage.

Search Engine Indexing
Provide a brief description of the journal which search engines can display when listing the journal in search results.

Description

2. Custom HTML Tags

This box allows you to insert custom HTML header tags in the source code of every page, increasing accessibility for you readers any unique meta for your journal content. If you have any unique custom HTML tags you'd like to add to your pages, please **DO NOT** fill out this box, and instead contact the [Open Access Publishing Manager](#).

Custom tags
Custom HTML header tags to be inserted in the header of every page (e.g., META tags).
